

A word cloud featuring various terms related to machine learning and statistics. The words are arranged in a roughly circular shape, with the largest words, 'models' and 'transformation', positioned vertically in the center. Other prominent words include 'estimation', 'regression', 'distribution', 'conditional', 'functions', 'score', 'complex', 'shift', 'statistical', 'variables', 'corresponding', 'parameters', 'additive', 'loglikelihood', 'simple', 'novel', 'lego', 'odds', 'based', 'scores', 'project', 'data', 'procedure', 'forests', 'inference', 'observations', 'parameter', 'linear', 'trees', 'survival', 'random', 'responses', 'package', 'research', 'tests', 'different', 'procedures', and 'boosting'. The words are colored in shades of blue and orange.
